

INVITATION TO SPONSOR

The 5th International Conference on Advanced Composite Materials in Bridges and Structures

ACMBS-V

Winnipeg, Canada

September 22-24, 2008

Fairmont Hotel

Welcome to ACMBS-V

The 5th International Conference on Advanced Composite Materials in Bridges and Structures, ACMBS-V, will be held at the Fairmont Hotel, Winnipeg, Manitoba, Canada, from September 22-24, 2008. The Conference is organized under the auspices of the ACMBS Technical Committee of the Canadian Society for Civil Engineering (CSCE) and is sponsored by the ISIS Canada Network of Centres of Excellence. The success of the four previous ACMBS conferences, has established this event as a premier forum for the exchange of knowledge and experience with the use of advanced composites in bridges and structures.

The objectives of the ACMBS-V Conference are to provide a forum for the presentation and discussion of recent developments in the use of advanced composite materials (ACM) and fibre reinforced polymers (FRP) in bridges and other structures, and to provide an opportunity for national and international delegates from industrial, research and academic institutions to interact and share their knowledge, to learn about new and innovative technologies in the field, and to discuss future directions.
